

Agon
Pacific

AGON PACIFIC GROUP specializes in the design and fabrication of boiler pressure parts such as Economizers, Super Heaters, and Furnace Wall Panels, from our manufacturing facilities in Thailand. We deliver to your nearest port or to your site. Agon Pacific's extensive in-house capabilities include multi-disciplined and experienced professionals. Our fabrication facilities are ASME certified (ASME 'S' Stamp, and National Board 'R' stamp, and "NB" stamp). They are equipped with state of the art equipment for pressure part fabrication; including bending equipment, automatic, semi-automatic and manual welding equipment.

FABRICATION

TUBE BENDS | COIL ASSEMBLIES | WALL & BENT TUBE OPENING PANELS | SWAGED TUBES | NON PRESSURE PARTS
